FAQ

- **It's too hard to decide, I have no idea what would look good on my wall, or which photos to choose...**

If choosing your photos online is not for you, I'd be happy to meet you at your home, or another convenient location to help you decide and order.
- **How long until I see my photos?**

The photos from your session will be posted in about a week. Enlargements take about 2 weeks, and albums take about 2 months.
- **If I buy the disc, are the pictures retouched?**

Images on the disc are corrected for color and exposure and look great. But, they have not been given that extra something special. Any photos or albums that you order from me will be individually retouched and perfected. Some examples of typical retouching are: under eye circles, smoothing skin, darkening the background, making the sky a little more blue.
- **What should we wear?**

I think you should wear something you look and feel great in. There's no need to match each other. You just want to pick outfits that look great when you are all standing together. Here's an example of NOT a good choice: Mom in a flowered top, Dad in plaid, and the kids in red shirts. Here's an example of a GREAT choice: Mom in a skirt and blue top, Dad in a white shirt and jeans, the kids in little dresses or shorts. I trust that you can pick out cute outfits for your family! And I love little kids in bright colors! Think fun, funky... what every captures the spirit of your child.
- **What if the weather sucks or my child is sick?**

We will reschedule!
